

The last years of the GDR and the period after the reunion

In the middle of the 1980's the union hotel was fully reconstructed again. We can only imagine how the rooms looked like. But an old post card reflects the charm of the GRD- Peachiness at the restaurant.

With the acquisition of the union hotel in 1990, the hotel chain "Upstalsboom" started a costly renovation. At the 26th of August 1994 the 4*Hotel Upstalsboom Ratswaage finally opened its doors, including a pool, a bar and conference rooms. As the people just got used to this complicated name, it was past. Since 2002 the Hotel Ratswaage operates successfully as an independent company in the tourism industry.

What seemed to be up to date in these days is kind of "in" nowadays again as a sort of Requirements for the overall success of the hotel are the position amidst the city of the capital of Saxony-Anhalt, 12 conference rooms, an extraordinary cuisine and a very good integration being a reliable service provider for the tourism.

In front of and behind the scene 70 employees are taking care of our guests and business partner feeling comfortable at the Ratswaage.
